

Resolute Mining Limited ([www.rml.com.au](http://www.rml.com.au)), is a Perth based ASX listed gold producer with a market capitalisation of approximately A\$250m and annual turnover of A\$200m from their operations at Ravenswood in Queensland and Golden Pride in Tanzania. Resolute is currently engaged in the US\$189 million re-development of the Syama Gold Project in Mali, West Africa.

Syama is a contract mining open pit operation which currently has a six to seven year mine life with potential to increase reserves through development of underground resources and nearby exploration success. The ore treatment plant will include flotation and roasting of a sulphide gold concentrate with CIL recovery.

## Key Operating Roles

- **Site Based Positions - Mali**
- **9 Weeks on 4 weeks off Expatriate Roster**
- **Excellent Negotiable Salary Packages**

We are now seeking experienced personnel to fill the following roles:

### **Presently no roles being sought**

A minimum of 3-5 years experience in similar roles and previous offshore experience would be highly beneficial, but not essential. Mali is a francophone country. An ability to speak French will be an asset. A willingness to learn will be critical for all roles.

Applicants must have a strong commitment to the continuing training and development of their staff and be highly motivated team players.

Single status contracts are available with furnished housing on site. Single status roster is 9 weeks on and 4 weeks R&R to point of hire. Residential status will be considered for senior roles. Residential status roster is 5 months on and 1 month off.
